

## Replacement table old and new courses Archaeology

This table shows which courses have been replaced by new ones in the updated curriculum. If you started your studies under an earlier version of the program, you can use this table to see which new courses you need to take instead of the old ones. It helps you understand how your previous courses fit into the current setup and what you still need to complete.

### Replacement table of old and new courses BA Archaeology 2025-2026

Course (until September 2025)	Course code	Course (as of September 2025)	Course code
