

<b>RMA/RMSc Thesis Supervisors 22/23</b>		<b>ARCHAEOLOGY</b>
Prof. P.M.M.G. Akkermans	Near Eastern Archaeology, with an emphasis on Neolithisation	
Prof Dr. A. N. Brysbaert	(RMSc) Ancient technology, crafts and materials, related to monumental architecture and human ecology in Bronze Age Greece and the East Mediterranean.	
Prof. P.A.I.H. Degryse	(RMSc) Archaeometry, focused on the exploitation and use in ancient times of industrial minerals and ores.	
Prof. C.L. Hofman	Archaeology of the Americas, with emphasis on the deep history of the Caribbean and adjacent areas, settlement archaeology, material culture studies, and community engagement	
Prof. J.C.A. Kolen	Landscape Archaeology and Cultural Heritage from a Heritage Management perspective	
Prof. M.A. Soressi	(RMA/ RMSc, depending on topic) Hominin Diversity Archaeology, with emphasis on the Middle Palaeolithic, the Early Upper Palaeolithic, and application of archaeological sciences to Palaeolithic archaeology.	
Prof. M.J. Versluys	Classical and Mediterranean Archaeology, with emphasis on the cultural dynamics of the Hellenistic-Roman world	
Prof. J.A.C. Vroom	Medieval and Early Modern Eurasia, specializing in the material culture of the 7 <sup>th</sup> to 19 <sup>th</sup> centuries	
Dr. Q. Bourgeois	Burial Mounds and Funerary archaeology combined with network analysis and GIS approaches in later prehistory of Europe	
Dr. D.J.G. Braekmans	(RMSc) Understanding of the nature and use of natural resources, and material objects.	
Dr. M. De Campos Francozo	Museology, with emphasis on museum collections, history of collections and provenance studies, specially but not exclusively focused on Latin America.	
Dr. ir. M. Driessen	(Military) logistics, infrastructure and trade in the Roman period	
Prof. Dr. B.S. Düring	Near Eastern Archaeology, with emphasis on the emergence of social complexity and the archaeology of imperialism	
Dr. M.H. Field	(RMSc) Archaeobotany, with emphasis on the Mid- to Late Pleistocene in Europe and putting archaeology into a stratigraphical and palaeoenvironmental context.	
Dr. A. Geurds	Archaeology of the Isthmo-Colombian Area & Mesoamerica, focusing on landscape, identity and monumentality. History and theory of archaeology, aspects of Contemporary Archaeology, as well as collaborative archaeology in the Americas.	
Dr. A.G. Henry	(RMSc) Plant microremains in archaeological context and plant food consumption by Neanderthals and Early modern Humans	
Dr. T. Kalayci	(RMSc) Sensor data integration, urban studies, environmental modelling, production landscapes, and landscapes of movement within Near Eastern and Mediterranean contexts	
Dr. M.R. Manders	Cultural heritage, maritime archaeology, maritime history, underwater archaeology	

Dr. J.E. Laffoon	The integration of bioarchaeological and biochemical approaches to the study of patterns of mobility/migration, diet, and exchange.
Dr. K. Lambers	(RMSc) Digital and computational archaeology, with emphasis on surveying, 3D recording, remote sensing, modelling, spatial analysis, and digital image analysis.
Dr. L. Llorente Rodriguez	(RMSc) Archaeozoology; development and evolution throughout time; hunter-gatherers economies and the transition to agropastoralist economies; domestication processes.
Dr. R.M.R. van Oosten	Urban and Medieval Archaeology; Low Countries; ceramics; historical GIS. Also welcome: theses Early Medieval Archaeology.
Dr. S. Schrader	(RMSc) Osteoarchaeology: bioarchaeological reconstruction of daily activities
Dr A. Verpoorte	Palaeolithic of Europe, with emphasis on the first modern humans in Europe, Neanderthal behavioural ecology and evolutionary approaches to archaeology.
Dr. M. de Waal	Island and coastal archaeology with a focus on the Caribbean and archaeological prospection
