

LIBERTY IS

investing, innovating, empowering

Liberty Global Graduate Programmes

This is an opportunity to build your career within the world's largest international TV and broadband company. To gain end-to-end exposure across one of our core business areas. To have a voice, to share your ideas, to challenge how we work. Ultimately, this is about shaping our business as you grow invaluable skills. Lasting between two to three years, these programmes will see you undertaking 6 or 12-month placements in a range of departments.

Finance Graduate Programme | Based in London and Amsterdam

We aim to be a world-leading finance organisation and you'll get to play a vital role. Lasting for three years, this programme will see you being supported through a fully-funded professional qualification (CIMA) and undertaking 6 or 12-month rotational placements.

**Application deadlines for Finance: March 2018 start date – 5 November;
September 2018 start date – 14 January**

Technology & Innovation Graduate Programme | Based in Amsterdam

Technology & Innovation is at the core of Liberty Global – we're committed to delivering transformational products and services that help improve and simplify the digital lives of our customers. This programme lasts for two years, with 6-month rotational placements.

Liberty Global Commercial Graduate Programme | Based in Amsterdam

Commercial is the part of Liberty Global that embeds customer-centricity into our operations and ensures our structure is defined by the achievement of our goals. You'll immerse yourself in 6-month rotational placements within the two-year programme.

Application deadline for Commercial and Technology & Innovation: 14 January

Each programme will give you the opportunity to work on developing your leadership and technical skills. However, to earn your place, we need to be sure you've got the potential to succeed. You'll need to be:

- Qualified with, or on course for, at least a 2:1 or equivalent
- Passionate about pursuing a career in a global market leader
- Someone who enjoys being challenged
- A natural leader, a big thinker – you can collaborate, analyse problems and come up with great ideas
- Driven, with the confidence and resilience to get things done
- Fluent in English with global mobility
- Eligible to work in the UK and EU

You'll also take part in tailored training programmes covering leadership development as well as functional and technical expertise.

Benefits: Localised salary and benefits package
