

Dear all,

I have heard that some of you want to do the HSK/HSKK tests this year or later. If you want to apply the Confucius Institute Scholarship, you need to have got both the HSK and HSKK(口语) certificates before you start your application. The HSK tests are usually held every month in Leiden except January, February, July and August. However, there are only two times of HSKK in Leiden, one is in May, the other is in December. So if you want to apply the scholarship, it will be wise to do the HSKK test in December this year. Here I would like to introduce you some information about the tests and the scholarships.

1. About the HSK test in Leiden:
