

## Graduation ceremony master Biomedical Sciences

The JRP2 report and the Scientific Review have to be handed in at DOO at least 6 weeks before the date of the graduation ceremony. During these weeks a reviewer will assess your work and all your grades in Usis will be checked. Reports, forms etc, please mail them to [research-project@lumc.nl](mailto:research-project@lumc.nl). Do not forget to send your work to CIS as well.
