

To be submitted to [eduassist@physics.leidenuniv.nl](mailto:eduassist@physics.leidenuniv.nl) by the student

## Thesis Publication form : BSc Thesis Physics LION – Leiden University

- The Physics department makes use of the [Leiden University Student Repository](#) to archive theses. The theses are by default public, unless agreed differently (see below).
- The student uses the Leiden University Student Repository <https://upload-studenttheses.universiteitleiden.nl/> to upload the thesis. Log in with ULCN account. Follow the [instructions](#) for uploading thesis.
- Double BSc students Physics and Astronomy upload their thesis in the repository, but the thesis will be placed under complete embargo (non-disclosure)!
- The student submits the **Thesis Publication form** to the Physics Education Office ([eduassist@physics.leidenuniv.nl](mailto:eduassist@physics.leidenuniv.nl)).

Bachelor Programme	Physics Physics and Astronomy Physics and Mathematics
Title Thesis	
Student Name	
Student Number	

### Privacy Statement Thesis Repository

The student can remove personal details, like student number, telephone number and address from the thesis before uploading the thesis to the repository. If these details are not removed, the student is aware and consents to it that they will become available to the public if the option 'Public' (open to the public) is chosen.

#### Student Signature:

Use this link for instructions for a digital signature

The involved parties indicate below whether the thesis is public, complete embargo or partly embargo.

<b>Student Name and Signature</b>	Date	Public
		Complete embargo*
		Partly embargo**
<b>Supervisor Name and Signature</b>	Date	Public
		Complete embargo*
		Partly embargo**
<b>External Authority Name and Signature</b> (only needed for projects outside LION)	Date	Public
		Complete embargo*
		Partly embargo**

*Complete embargo	always	temporary end date:	
**Partly embargo	always	temporary end date:	Chapter      Pages      to
	always	temporary end date:	Chapter      Pages      to
