

# Enrolling in Classnumbers by entering the class number

This guide is based on the web-version of uSis

Step	Action
1.	 <p>Click the Tile <b>Enroll</b>.</p>
	<p><b>Explanation: Enrolling for classnumbers</b></p> <p>There are different ways to find a course in uSis. If a course doesn't have an fixed examination date, mostly a 'general' classnumber is presented, with no date. When the grade is entered into the system, the correct date will be added.</p> <p>The uSis-code can be found in the Electronic Prospectus. Every item for a course has an individual classnumber (a unique number that is automatically created when a uSis-code is scheduled. If you have that classnumber, enrolling in uSis is easy. If you do not know the classnumber, enrolling is also possible in uSis with the help of the uSis-code, but that may cause doubts sometimes. Do not hesitate to inform for the correct classnumber through <a href="mailto:uSis-FWN@science.leidenuniv.nl">uSis-FWN@science.leidenuniv.nl</a>. Give you studentnumber, study and a link to the E-prospectus page of the course you want to enroll for</p>
2.	Click the link <b>Enroll by entering the class number</b> .
3.	In the next screen you select the year of study and/or Career level and then click CONTINUE
4.	Screen <i>Select Class number</i> (step 1 of 4) Fill in the selected <b>classnumber</b> and click CONTINUE

## Enrolling in Classnumbers by entering the class number

Step	Action
	<p>Explanation: <b>available classnumbers</b>            As a result of entering a specific classnumber you only see one line of information. On the left side is a checkbox that you can check if you want to select the classnumber.</p> <p> A blue dot with an exclamation mark indicates that enrollment is possible (if you put your mouse over the dot, you see detail information about the enrollment period, closing date and time. E.G:</p> <div data-bbox="550 477 1273 591" style="border: 1px solid gray; padding: 5px; margin: 10px 0;">  4062SFS26T <span style="float: right;">NTK</span>        You can enroll from 00:00 on 01-05-2017 to 23:59 on 30-08-2018.     </div> <p> do you see a red dot, then you should check what is the matter with this classnumber. You cannot enroll, you cannot check the box. If you put your mouse over the dot, detail information appears. These are some possible notifications:</p> <div data-bbox="550 763 1500 864" style="border: 1px solid gray; padding: 5px; margin: 10px 0;">  4313MET13T <span style="float: right;">BIO    Metabolomi</span>        U kunt nu niet inschrijven voor deze studieactiviteit. De inschrijftermijn is verstreken.     </div> <p>(= you cannot enroll now; the enrollment period has ended)</p> <div data-bbox="550 931 1316 1032" style="border: 1px solid gray; padding: 5px; margin: 10px 0;">  301121010W        Studieactiviteit 9554 is gesloten. (= classnumber 9554 is closed)     </div> <div data-bbox="550 1066 1484 1211" style="border: 1px solid gray; padding: 5px; margin: 10px 0;">  4011ANAL1T        U bent al voor deze studieactiviteit ingeschreven. (= you are already enrolled for this classnumber)     </div> <p>Explanation <b>waiting list</b>            Some classnumbers offer a <b>waiting list</b>. When the maximum capacity is reached, you can still enter for the classnumber, but will be placed on the waiting list. If someone drops the classnumber, the first of the list will be placed in the classnumber. Or sometimes the coordinator of the programme study decides who will be allowed in the classnumber.</p> <p>The notification you get after having enrolled is that the classnumber is full but that you are placed on number (x) . If you do not want to be on the waiting list, please drop this classnumber. You will receive an email if you are placed in the classnumber. If you do not receive any notifications, you are NOT enrolled for this classnumber.</p> <div data-bbox="454 1581 1125 1809" style="border: 1px solid gray; padding: 5px; margin: 10px 0;"> <p><b>Bericht</b></p> <p><b>Bericht:</b> Deze studieactiviteit is vol, maar u bent op de wachtlijst geplaatst op nummer 1. Wilt u hiervan geen gebruik maken, verwijder dan deze inschrijving op de tab Inschrijving verwijderen. Indien u alsnog geplaatst wordt, ontvangt u hierover een e-mail. Ontvangt u geen nader bericht, dan staat u niet ingeschreven voor deze studieactiviteit.</p> </div> <p>Controleer dus altijd goed het eindresultaat van je inschrijving (stap 4 van 4)</p>
