

## Enrollment information Psychology International Bachelor, Semester 1 2020-2

### Important notices:

1. Starting this upcoming course year 2020-21 you cannot register for courses starting from your requirements. Please use the class numbers in this overview.
2. You are allowed to enroll in a **maximum of 20 EC** of Psychology courses per block, unless you have the explicit permission of your Study Advisor to take more EC. If you surpass this amount, your enrollment may be annulled for any course where the total number of applications surpasses the set course capacity.
3. Prerequisites for a course need to be passed **and registered in uSis** prior to enrollment.
4. When you are unable to register for a course because all workgroups have reached their maximum capacity, please register yourself for a reserve group. A place will then be arranged for you, about which you will be informed by mail before the course starts.
