Welcome to the Blackboard module for the Master's Program in School Psychology. We are very happy to have you studying with us, and via this module we'd like to provide you with information that will assist you during your studies and beyond. This module includes information, which is relevant to the Master's program as a whole. For information about specific components of the Master's program, please sign up for the Blackboard modules for those components (i.e., the Blackboard module to help you with your thesis; the Blackboard module to help you with your internship; the Blackboard modules for each of the courses you are following).

In this general module, you can find the names and e-mail addresses of thesis, internship and course coordinators under "Staff". You can contact them if you have specific questions (after signing up for the specific Blackboard Modules). General questions about the Master can be addressed to Esther van den Bos (bosejvanden@fsw.leidenuniv.nl).

This general module also provides some "information about the workfield", which can be a starting point for orientation on your future career. If you come across material that you think might be of interest to fellow students in the School Psychology program, please send them to Esther van den Bos (bosejvanden@fsw.leidenuniv.nl) so that they can be included in this Blackboard module.
