Country session: United Kingdom

Evelien Hack

13 October 2017
1. **United Kingdom: What are the options?**
   - University wide partner universities ➔ **NONE;** because it is Europe so contacts will go through Erasmus contracts.
   - Faculty partner universities ➔ **too many to list them all!**
   - Where to find information about our partners?

   [Home](#) ➔ [Studie & studeren](#) ➔ [Studeren in het buitenland](#) ➔ [Je keuze bepalen](#)

2. **Student Experience**
United Kingdom: What are the options

Faculty partner universities

All Leiden faculties have one or more partners in United Kingdom:

- Edinburgh – Medicine, Biomedical Sciences, Law
- University of London, King’s College – Law, History
- University College London – Anthropology, Languages,
  University of York – History of Art
- Newcastle University – Biomedical Sciences, English Language, History
- University of Glasgow – Chemistry, Law
- Bangor University – Psychology, Biology
- University of Dundee – Law
- University of Liverpool – Leiden University College

Please review your faculty website or contact your faculty International Coordinator for more information.
Where to find more information?

- Home>Studeren in het buitenland>je keuze bepalen>wanneer en waarheen?
- Your faculty website
What more to think off?

1. **The UK is expensive!**
   Be aware that accommodation will take up a large part of your budget.

2. **The academic year is not completely the same**
   The semester usually starts a bit later than in Leiden; mid-September till mid-December or January till April and sometimes a summer term till the end of May.
Grade conversion

University first level stage (bachelor) = 3 (undergraduate)
University second level (master) = 1 year (postgraduate)

Main grading system used by higher education institutions

Full Description: Alphabetical system A to E.

• A: excellent/outstanding
• B: above average
• C: average
• D: below average
• E: fail.

1. Highest on scale: A
2. Pass/fail level: D/E
3. Lowest on scale: E
Elective internship in London
Background
A day in the life of...

• 08:00 Handover
• 08:30 Radiology meeting
• 09:00 Ward round
• 12:00 Hopefully get some lunch
• 12:30 Documentation
  Execute all the task for your patients
• 17:00 Try to finish your work
• 17:30 - ... Explore the city
